think global

THE GLOBAL EDGE

ERGONOMICS IN THE OFFICE

- Full range of ergonomically designed workplace, healthcare and office furniture with competitive pricing and built-in value.

STRENGTH AND STABILITY

- Established in 1966.
- One of North America's largest office furniture manufacturers.
- Manufacturing and showrooms worldwide.

STRONG LOCAL REPRESENTATION

- Service and expert advice where you are, when you need it!

MANUFACTURING CAPABILITY

- Vertical integration ensures "start to finish" control.
- Ongoing research and investment in new, innovative production technology.

QUALITY ASSURANCE

- The quality program is registered to ISO 9001.
- On-site furniture testing facility.
- Products and components are tested to meet or exceed ANSI/BIFMA standards.
- Products backed by Global's Limited Lifetime Warranty.

ENVIRONMENTAL COMMITMENT

- Continuous development of "earth friendly" programs.
- One of the first molded foam manufacturers to create ozone-friendly, CFC and HFC-free processes.
- Many seat and back pans are made from recyclable plastics and wood waste, enabling little waste and cost effective products.

TOP THICKNESS/EDGE DETAIL

C3 1.5" top, standard flat edge

BASES

- 2 doors on base for wire management access from both sides.
- Because of base sizes, custom width less than 96" cannot be accommodated.

TOPS

- 96" tops are standard in one piece. All tops 120", 144" and 168" tops are standard in two equal size pieces. Woodgrain laminate finishes may NOT align where the two tops join. Tops 192" and larger are standard in 3 equal pieces.
- 96" tops are standard with **two bases**.
- Tops 120", 144" and 168" are standard with **three bases**.
- Tops 169" to 288" and larger are standard with **four bases**.
- **Five** top shapes: **boat shaped, bow end, rectangular, racetrack** and **wedge**.

- For **Square, Media** and **Collaborative Tables**, please refer to the electronic Zira Design Guide found on the Global website under Brochures.

CUT-OUTS

- **Boardroom** and **collaborative tables** offer optional cut-outs for in-surface mounted power modules in three standard locations - left, center or right (R1, R2, R3 or T1, T2, T3 as per above grid) for all table shapes excluding square boardroom tables. **Add \$91** for each cut-out.
- Cut-out options for **square boardroom tables** in centered position only - R2 or T2. **Add \$91**.
- Cut-out options for **media tables** in position 1 only - R1 or T1. **Add \$91**.
- Cut-outs may be placed at non-standard locations. Please submit a NON-STANDARD CUT-OUT request form with your order. Forms can be found on the Global Dealer Center under "Specials".
- Available power modules are listed on pages 83-85.
- Be sure to specify matching power module with corresponding cut-out codes (as per above grid). Cut-out size(s) and orientation(s) are specific to the power module(s).
- Refer to **Zira Boardroom Design Guide** online for more information.

Z ZIRA™ BOARDROOM

TABLE NOTES - ESTIMATED CAPACITY

- Use the following to determine the size of a round table and the number of chairs needed for a conference area. All estimates are based on an average chair width of 23" with a 4" clearance between chairs. Adjust accordingly for a different chair size.

Top Size	Rectangular	Bow End	Boat	Racetrack
48 x 96	6-8	6-8	6-8	6-8
48 x 120	8-10	8-10	8-10	8-10
48 x 144	10-12	10-12	10-12	10-12
48 x 168	12-14	12-14	12-14	12-14

Global's Swap collection is a comprehensive offering including laptop tables, casual meeting tables, café tables, huddle tables and more. Suitable for a variety of applications: break rooms, dedicated/enclosed meeting rooms, casual/open area meeting spaces (lounges, seated, counter and bar height options), and private office (accommodate smaller 3-4 person discussions). Tops and bases are sold separately for ease of specification. Mix and match capabilities to create spaces for multi-purpose use. Choose your top, choose your base. Create the combination you desire for the way you want to work.

Top shapes

Round base

Square base

Features and Benefits

- Tops are available in four materials to help perfect your interior design: high pressure laminate, veneer and solid surface.
- **High pressure laminate** tops are 1 1/16" thick with 2mm flat edge or 1 3/16" thick with knife edge profile. Tops with flat edge have a 45 lb. density particle board core; tops with knife edge have a MDF core.
- **Veneer** tops are 1 3/16" thick overall with matching flat edge or knife edge.
- **Solid surface** tops are 1 1/4" thick with a plywood or particle board melamine subtop depending on size, available with flat edge or knife edge.
- Bases are constructed of a solid steel metal plate and cover - round or square.
- Power block cut-outs are available on most tables.
- 6 heights:
 Coffee table height at 16"H.
 End table height at 22"H.
 Lounge height at 27"H.
 Seated height at 29"H.
 Counter height at 36"H.
 Bar height at 41.5"H.

GENERAL INFORMATION

- Swap is a series of tables for use in casual meeting spaces, lounges, café areas and more.
- The right proportions, flawless surfaces and a solid foundation is sure to become your favorite table series to spec.
- Finish palette coordinates with most Global laminate and veneer casegoods series as well as a variety of solid surface options to choose from - tables can stand-alone or blend with other solutions.
- Each component is packed individually. Bases are shipped assembled, 1 per carton. Easy to assemble.
- For environmental certifications, please visit globalfurnituregroup.com.

WORKSURFACES

- High pressure laminate, veneer and solid surface.
- **High pressure laminate** tops are 1 1/16" thick with 2mm flat edge or 1 3/16" thick with knife edge. 1 1/16" thick tops have a 45 lb. density particle board core and the 2mm flat edge finish can be specified to match or complement the top surface. 1 3/16" thick tops have an MDF core and the knife edge finish will match top surface. Models ending in **(LK)** indicate high pressure laminate with knife edge.
- **Veneer** tops are 1 3/16" thick overall with choice of edge detail - flat edge or knife edge. Edge finish will correspond to surface finish. When flat edge, core material is 45 lb. density particle board; when knife edge, core material is MDF. Models ending in **(V)** indicate veneer.
- **Solid surface** tops are 1 1/4" thick overall with choice of edge detail - flat edge or knife edge. Solid surface material is 0.5" thick with built up edge profile over a particle board or plywood subtop depending on overall top size. Models ending in **(SF)** indicate solid surface with flat edge; models ending in **(SK)** indicate solid surface with knife edge.
- Please see model # for pricing and availability of various material and edge options.
- Refer to page 18 or globalfurnituregroup.com for available finish options.
- While not all sizes are available in all materials:
 - Worksurfaces of 96" or less in length are standard in one piece (1 carton).
 - Worksurfaces 120" to 144" in length are standard in two pieces (2 cartons).
 - Worksurfaces 96", 120" and 144" x 48" include support channels.

BASES

- **Caution:** to meet BIFMA standards for performance and stability, appropriate base size must be specified with corresponding top sizes identified. **Top plates and base plates vary by base size and will only work with table shape sizes as referenced on the following pages.**
- Bases are constructed of a round or square solid steel metal plate for counter balance, covered with a finished steel shroud, affixed with four bolts to a cold rolled steel tube.
- GRB14H25 attaches to tops with a 6" x 6" steel plate, welded to a 1.5" diameter steel tube, bolted to a 0.5" thick solid steel counter balance. Not to be used on tops greater than 22" x 22" in size.
- GSB13H25 and GSOB13H25 attach to tops with a 6" x 6" steel plate, welded to a 1.5" diameter steel tube, bolted to a 0.5" thick solid steel counter balance. Not to be used on tops greater than 22" x 22" in size.
- GRB22H15, GRB22H21, GRB22H26, GRB22, GRB22H35, GRB22H41, GSB19H15, GSB19H21, GSB19H26, GSB19, GSB19H35 and GSB19H41 attach to tops with a 6" x 6" steel plate, welded to a 3" diameter steel tube, bolted to a 0.5" thick solid steel counter balance.
- Top plate and base plate of GRB22 and GSB19 models in all heights, have pass-through cut-outs to accommodate a single port simplex or dual USB module to deliver power or USB charging to the surface. This allows the module to be mounted directly above the base and to pass the unit's cord through the base column resulting in the cord and plug head exiting from the bottom of the base for plugging into a floor or wall mount power source.
- GRB28, GRB34, GSB23 and GSB28 attach to tops with an 11" x 11" steel plate, welded to a 4" diameter steel tube, bolted to a 0.375" thick solid steel counter balance.
- Bases are available PAINTED in "Sandtex" finish for extra durability. Also available in plated finishes (see page 18) at an upcharge and with an extended lead time. Please see model # for pricing.
- All bases come with six height adjustable glides with 0.75" of adjustability.
- Round bases available in 22", 28" and 34" dia.
- Square bases available in 18.5", 22.5" and 28.5".

S SWAP™ TABLES - HOW TO SPECIFY

CRO	Carrot	NGL	Noce Grigio	WCE	Winter Cherry
CME	Clear Maple	NEL	Noce Leggero		

5. SPECIFY OPTIONS

POWER BLOCKS AND CUT-OUTS LOCATIONS

- A power block delivers power/data to the table surface.
- Power block modules are ordered separately.
- Not all power block locations are available on all table sizes. Please refer to the top/base chart on the following pages for more information.
- To purchase a power block, you must specify the power block cut-out location when ordering the top and order the power block separately.
- Optional cut-out available in standard worksurface locations (left, center or right) for all table shapes.
Example: Order a **R1** or **T1**. **Add \$91** for each cut-out.
- Cut-outs may be placed at non-standard locations. Please contact Customer Service.
- Select power block option from Productivity Solutions pages 83-85.
- Custom locations or cut-outs available (drawing required). **Add \$132**.

SPECIFICATIONS

- Required and optional specifications marked with an * on the pricelist pages with products are applicable to only those products which have the * symbol beside the product name.

POWER BLOCK OPTIONS AND CUT-OUT LOCATIONS

(Power modules and blocks can be found in the Productivity Solutions section of the price list)

PRTMCS401B PRTMCS401T PRTMCS401W PRTMCS421B PRTMCS421T PRTMCS421W		PRTMCD602B PRTMCD602T PRTMCD602W PRTMCD622B PRTMCD622T PRTMCD622W PRTMCD642B PRTMCD642T PRTMCD642W	
--	---	--	---

- Match power block desired with cut-out code and location from above grid.
- Example: If power block module # PRTMC401B is required in the center position, specify cut-out option R2 when specifying the top.

TABLE NOTES - ESTIMATED CAPACITY

- Use the following to determine the size of a table and the number of chairs needed for a conference area.
- All estimates are based on an average chair width of 23" with a 4" clearance between chairs. Adjust accordingly for a different chair size.

HUDDLE TABLES OVERVIEW

Bring teams together to huddle, share and collaborate.

Three heights available - seated desk height: 29", counter height: 36", bar height: 41.5" with D top, wedge, rectangular or soft ellipse shaped tops.

Laminate kits (consisting of laminate top and U-base) are sold separately from metal bases for huddle tables. Tops include metal inserts for ease of assembly to metal base. All tops are standard with an edge scoop to help manage cables from wall mounted flat screen monitors and/or edge mounting power module (PS305057/PS305002 as an example). Support channels are included with tops over 60" wide.

Metal bases ship fully assembled and include 0.5" adjustable glides and metal screws for attaching to the top. Be sure to specify bases specific to huddle tables GRHB22Hxx or GSB19Hxx.

Bungee

44

Junction

56

Bungee is a series of freestanding tables and accessories designed for classrooms, training rooms, boardrooms and any other multi-functional space that may require frequent configurations. Tables are sold complete with legs and Bungee cords so they may quickly and easily be connected together without searching for tools or worrying about loose parts.

Bungee tables feature optional rounded corners with a unique Bubble molding that is engineered to compress under the tension of the Bungee cords. The compressed molding creates a seal that serves to locate and align interconnected tables while also providing a soft and forgiving edge. Four additional edge options are available.

Choose from a variety of top shapes and laminate finishes to create your individual style. In addition, most tables offer a choice of tapered legs or spider legs in a Black or Tungsten finish with adjustable levelers or optional casters. Optional modesty panels, grommets, wire management and power blocks further enhance your workspace.

Features and Benefits

- Bungee tables are complete with top, legs and Bungee cords.
- Bungee cords provide a fast and easy method of reconfiguring tables without requiring tools.
- Tops are 1" thick and are offered in a variety of shapes and sizes.
- Legs are offered in tapered or spider design in a Black or Tungsten finish.
- Levelers on legs are standard.
- Laminate modesty panels and filler modesty inserts help conceal wires and enhance visual appeal.
- Wire management tracks neatly contain wires, using two separate channels for data and voice wires.
- Optional grommets or power blocks offer technological flexibility.

Flip-top tables can be nested and easily stored by activating the single hand release mechanism from the left or right side.

Optional locking casters are available in Black or Tungsten finish (standard on flip-top models).

Bungee cords are utilized to quickly and easily reconfigure tables.

GENERAL INFORMATION

- Bungee is a series of freestanding tables and accessories designed for classrooms, training rooms, boardrooms and any other multifunctional space that requires frequent reconfigurations.
- Bungee tables come complete with a work top, a set of legs and built-in Bungee cord connectors.
- Bungee cords allow the movement and reconfiguration of tables without a risk of damage or losing loose parts.
- High pressure tops are standard in all Bungee laminate finishes.
- Unique “bubble molding” edging is specially engineered to create a secure seal to align interconnected tables. Alternate edge options are also available.
- Bungee products have been tested and comply with all mechanical tests.
- For environmental certifications, please visit globalfurnituregroup.com.

CONSTRUCTION

- Tops are 1” thick. Modesty panels are 11/16” thick.
- All components are made of 45 lb. commercial density particle board, covered on both sides with high performance laminate.
- Tops 54” and over feature a built-in support bar.

BUNGEE CORDS

- Bungee cords are patented elastic devices designed to provide a rapid, no-tool method of attaching tables of the same depth.
- The elastic nature of cords allows two connected tables to be moved around without risk of damage to the table top or connecting hardware.
- Bungee cords are included with all freestanding tables and carry a Lifetime Warranty.

EDGE DETAIL

- Unique “bubble molding” is engineered to compress under the tension of the Bungee cords, creating a seal that serves to locate and align interconnected tables.
- Bubble molding finish matches surface laminate with Silver (**BS**) or Black (**BB**) accent trim.
- For matching 2mm flat edge, specify (**A3**).

LEGS

- Tables feature two styles of legs - tapered leg and spider leg. Available in Black (**TBL**) or Tungsten (**TTU**) finish.
- Levelers are standard. Optional locking casters are available at no upcharge, specify Black (**TBC**) or Tungsten (**TTC**) finish. (Casters must match base finish.) Adjust 3mm - 10mm in height.

tapered leg

spider leg

MODESTY PANELS

- Panels are 13” high, recessed 0.75” from the back and inset 7” from the sides.
- Panels feature a built-in flexible wire pass-through.
- Available in all Bungee laminate finishes.

FILLER MODESTY PANELS

- Used to fill the space between two modesty panels when two tables are linked together. Helps conceal wires and enhance visual appeal.
- Available in Silver finish (**SI**) or Black finish (**BK**), please specify.

WIRE MANAGEMENT

- Wire management tracks are mounted to the underside of the worksurface. Available in 5” and 22” track lengths.
- 5” track includes one wire clamp; 22” track includes two wire clamps.
- Data and voice wires can be routed separately using two separate channels on each clamp.
- Available in Black only.

5” wire management track

22” wire management track

MODPOWER DAISY-CHAIN SOLUTION

- Add flexible power and USB charging to Bungee **rectangular tables**. Connect up to four units with a single corded infeed with NEMA plug.
- ModPower units are sold separately, refer to Productivity Solutions page 88.
- Begin run with a starter unit which includes a corded infeed. Add additional middle or end units as required. Middle and end units are equipped with connecting cables.
- On-surface modules clamp on or screw mount to the table tops.
- In-surface modules require table top cut-outs for mounting. Specify cut-out option:
 - MPS** for a single cut-out to accommodate one ModPower in-surface unit (cut-out will be centered on the approach side) for **42" to 72" wide fixed top** rectangular tables and **48" to 72" wide flip-top** rectangular tables. Add **\$91**. Note: MPS not available for 36" wide fixed top tables or 42" wide flip-top tables.
 - MPD** for two cut-outs in the left and right positions, 18.25" from ends to center of unit on approach side for **60", 66" and 72" wide rectangular tables**. Add **\$183**.

SPECIFICATIONS

- Specifications marked with an * are applicable to only those products which have the * symbol beside the product name.

CONNECTING CONDITIONS

- Bungee cords allow for fast and easy reconfiguring of tables whenever needed. Due to the elastic nature of the Bungee cord, two tables connected with Bungee cords can be moved around without risk of damage to the table top or the connecting hardware.
- Connecting tables is simple and intuitive. Tools are not required and there are no loose parts that may be misplaced.
- Bungee cords connect tables of the same depth in all directions.
- Rectangular tables 48" and longer connect in both straight and "L" configurations. Rectangular tables 36" and 42" connect in straight configurations only.

Required specifications

- Modesty panel finish
- Edge finish

Designed by Zoey Chu, Junction provides an affordable solution for your table applications. Choose from a variety of table top designs: rectangular, half round, trapezoid and keystone to create a unique table for your boardroom, classroom or presentation room application.

A freestanding or shared leg configuration with the unique “Y” leg allows you to either create a permanent table or one that can be reconfigured quickly and easily. A straight leg is available for use with half round and keystone tops.

Shared leg configurations allow more legroom and can also decrease cost because they use fewer components. Freestanding configurations provide more flexibility for changing environments.

Features and Benefits

- Tops are 1” thick and constructed of 45 lb. density particle board.
- 2mm matching edge is standard.
- Optional radius corners (**RM**) available at no upcharge.
- Optional modesty panel with integrated wire trough available.
- Casters available with or without manual locks provide mobility.
- Black grommets for convenient wire management can be ordered factory installed.
- Optional, easy-to-use thumbscrews allow installation without tools.
- Junction tops are available in Global laminate finishes with two leg options.

Y leg design.

Modesty panel.

Shared leg configuration provides more legroom and decreases the overall costs.

GENERAL INFORMATION

- Junction is a series of multi-purpose tables for classroom, training room and boardroom applications.
- Unique design by Zooey Chu.
- Half round, trapezoid and keystone tops are available to create a variety of package configurations.
- Rectangular tops are available in 24" and 30" depths.
- Optional modesty panels with integrated wire troughs are available.
- Optional large electrical manager provides a safe environment for equipment wires.
- Shipped easy to assemble. Each component is packaged individually; legs are shipped 1 per carton.
- For environmental certifications, please visit globalfurnituregroup.com.

WORKSURFACES

- Tops are 1" thick, made of 45 lb. density particle board.
- Laminate finishes are high pressure.

CONSTRUCTION

- Rectangular tops 54" in length and longer include a steel support channel for structural rigidity.
- Tops are predrilled with threaded steel inserts.
- Adjustable levelers offer up to 1" adjustability.

EDGE DETAIL

- Global's preferred matching edge is standard.
- Optional radius corners (**RM**) are available on rectangular tops at no upcharge.

LEGS

- Unique Y design.
- Straight leg available for assembly with half round tops and keystone tops.
- Heavy duty steel construction.
- Coated with environmentally friendly recycled paint that provides a durable finish.
- Black plastic leveling glides offer $\frac{5}{8}$ " adjustability.
- Available in Black (**TBL**), Cloud (**TIV**), Designer White (**TDW**), Fog (**TFO**), Frost (**TFR**), Kalua (**TKA**), Latte (**TLA**), Mocha (**TMO**), Nevada (**TNE**), Sand (**TSN**), Shadow (**TSH**), Toast (**TOA**) or Tungsten (**TTU**) finish.
- Y legs: 21.5" leg span - 24"D top, 24.5" leg span - 30"D top.

CASTERS

- Optional casters are available.
- 1.5" dual wheel casters with or without manual lock. Full 360° swivel.
- Can be used in any combination with or without standard glides.
- Suggested for carpeted surfaces.
- Available in Black only.
- Sold in packages of two.

GANGING

- Ganging plates are available for ganging workstations together.
- Ganging plates are Black epoxy coated steel plates with two thumbscrews.
- Provides maximum stability and torque reduction.

WIRE MANAGEMENT

- Available for managing additional larger wires and power connectors.
- 3.5" high x 4.25" deep Black PVC channel attaches to the underside of top.

SPECIFICATIONS

- Specifications marked with an * are applicable to only those products which have the * symbol beside the product name.

3. SPECIFY OPTIONS

MODESTY PANELS

- 11.25" high panel attaches to the underside of worksurface top.
- Standard with integrated wire trough.
- Available in Black PVC.

GROMMETS

- Grommets are available in **rectangular and trapezoid** tops (left, center or right). See below for available locations. Order as: **FOG1, FOG2** or **FOG3**. Add \$91. For **keystone** worksurface locations, order as **FOG2**. Add \$91.
- Grommet hole dimensions are 3.25" wide x 1.875" deep.

- Grommets may be placed at non-standard locations. Order as: **CSG**. Add \$132. A drawing must be supplied with vertical and horizontal dimensions to the center of the cut-out (as in drawing above). Please refer to the **custom grommet location form** in the back reference section.

EXAMPLES OF GROMMET AND POWER BLOCK POSITIONS

MODPOWER DAISY CHAIN SOLUTION

- Add flexible power and USB charging to Junction **rectangular tables** only. Connect up to four units with a single corded infeed with NEMA plug.
- ModPower units are sold separately, refer to Productivity Solutions page 88.
- Begin run with a starter unit which includes a corded infeed. Add additional middle or end units as required. Middle and end units are equipped with connecting cables.
- On-surface modules clamp on or screw mount to the table tops.
- In-surface modules require table top cut-outs for mounting (cannot be used with modesties). Specify cut-out option:
 - **MPS** for a single cut-out to accommodate one ModPower in-surface unit (cut-out will be centered on the approach side) for **30" to 72" wide rectangular tables**. Add \$91.
 - **MPD** for two cut-outs in the left and right positions, 15" from ends to center of unit on approach side for 60", 66" and 72" wide rectangular tables. Add \$183.

Productivity Solutions 74

Newland 92

Productivity Solutions by Global is a comprehensive series of ergonomically sound products, naturally connecting people with technology to enhance comfort and productivity. Designed to fit you and your technology and fully integrate with Global products to create complete office solutions that meet the needs of today's diverse workplaces.

Designed with human capabilities and comfort in mind, Productivity Solutions by Global provide a good fit for today's workers and meet or exceed ergonomics standards, guidelines and ANSI/BIFMA standards for performance, durability and safety.

FIT = move + match + support

Monitor arm

Power/data module

Lift-N-lock keyboard mechanism

Manual height adjustable desk

Features and Benefits

- Electric height adjustable table with 18.51" height range.
- Manual height adjustable table has counterbalanced spring mechanism.
- Five keyboard support mechanisms.
- Four keyboard trays.
- New monitor arm options.
- Wire management and power/data options.
- For environmental certifications, please visit globalfurnituregroup.com.

MANUAL HEIGHT ADJUSTABLE TABLES

- Manually operated height adjustable tables with counterbalanced spring mechanism.
- Exceptional ergonomic alternative to traditional desking.
- Sit-stand design promotes increased circulation, improving performance and comfort.
- Can be used alone or in conjunction with Global desking products.
- Tops and bases sold separately.

Please note: Global desk tops are 1”.

TOP FINISHES

ACJ Absolute Acajou	FCL First Class
ASN Asian Night	NBL Noce Biondo
AWC Avant Cherry	NGL Noce Grigio

FAS Fashionista	WCR Winter Cherry

CONSTRUCTION

- 1” thick tops constructed of 45 lb. density particle board with high performance laminate and Global’s preferred matching edging.

DIMENSIONS

- When designing workstations, leave 1” clearance on either side to prevent finger pinch.

EDGE

- 2mm edge in matching color.

BASE

- Heavy duty steel formed legs with radius detail are available in Black only.
- Easy to reach tension control supports loads up to 100 lbs.
- Environmentally friendly, recyclable epoxy powder coating provides a durable finish. Black only.
- Black plastic leveling glides offer 0.5” adjustability.

MECHANISM

- Counterbalanced height adjustable base supports weights up to 100 lbs.
- Height range from floor to underside of modesty shroud is 17” when surface height is 26”.
- 7 year warranty.

SHIPPING

- Easy to assemble with Phillips or Robertson screwdriver.

GROMMETS

- Additional grommets available in standard worksurface locations (left, center or right).
- Order as: **FOG1, FOG2 or FOG3. Add \$91.**
- Grommet hole dimensions are 3.25” wide x 1.875” deep.

PET FELT PRIVACY SCREEN AND MODESTY PANELS

- PET Felt privacy screens and modesty panels add seated privacy to open plan deskings or tables.
- 9mm thick PET Felt offered in 9 finishes: Black (**BLK**), Brick (**BRI**), Denim (**DEN**), Harvest (**HVT**), Graphite (**GPH**), Mist (**MTS**), Pewter (**PWT**), Shamrock (**SHR**) and White (**WHT**).
- Made from 100% PET (polyester) fiber with a high content of post-recycled material (50%), free of added chemicals, binders and adhesives.
- Lightweight material is tackable, impact and tear resistant, bacteria resistant, moisture resistant, and installation friendly.
- Variation in fiber mix and color are inherent to the character of the product.
- Requires a free clear edge of 1.5"D x length of privacy screen or modesty panel for mounting.
- Privacy screen upmount brackets adapt to 1" thick TFL or 1¹/₁₆" thick HPL tops and do not mar the top surface.

POWER SOLUTIONS FOR FLEXIBLE SPACES

- Perfect for training areas, meeting rooms, in-office workstations and more; Code compliant that allows users to optimize any space providing convenient power access.
- Connect up to four units from a single infeed, delivering AC power and USB charging to the table tops.
- Two styles are available: in-surface modules or on-surface modules.
- Starter modules include 10' corded infeed with 3-prong NEMA plug.
- Touch safe easy to use connectors from module to module with added latch to prevent unintended separation.
- Each module features three tamper-resistant receptacles, USB-A and USB-C charging ports.
- Overall maximum length joined together not to exceed 48.5 feet per infeed.
- UL listed to **UL962A SD**, the standard for furniture power distribution units on portable/movable workspace tables.
- Certified to CSA standard **C22.2 No. 203-16**.
- When ordering in-surface modules be sure to select corresponding cut-out options when specifying tables. Specify **MPS** for a single centered cut-out on the approach side of the table or **MPD** for two cut-outs in the left and right hand positions. Upcharge will apply per cut-out. Cut-outs are available on the following series: **2gether tables, Bungee rectangular fixed and flip-top tables, Bungee SL tables, ConnecTables, Edventure study carrels and Zook rectangular and flip-top tables**. Surface must be a minimum of 1/2" to a maximum of 1 1/2" thick for proper mounting of the units.
- On-surface modules come with a clamp mount that will accommodate any material from 1/2" to 1 1/2" thick; additional brackets are also included for alternate screw in mounting options that can accommodate vertical or horizontal positions.
- In-surface cut-out dimensions: 7.15" x 2.25".

QUICK ASSEMBLY ELECTRIC HEIGHT ADJUSTABLE BASE

GENERAL INFORMATION

- Quick assembly electric height adjustable bases with leg columns preassembled to telescopic cross bar assembly including electric motors. Unfold leg columns, attach feet and worksurface support to base; fasten assembly to top; plug in connections and start to use.
- 3-stage base. Range of adjustability with 1" thick top is 22.6" to 48.2"H.
- Easy to use up-down controller with digital read-out and four memory programmable positions.
- Dual motor with 265 lbs. lift capacity.
- Anti-collision sensor.
- Standby power consumption 0.1W. Active power consumption 220W.
- Operates at 1.2" per second.
- 8' long power cord.
- Meets applicable ANSI/BIFMA x5.5 standards.
- ETL/CETL and Greenguard Certified

This illustrated list price book has been designed to facilitate fast reference and easy use. Products are categorized into “seating”, “desks”, “files”, “panels” or “tables” and are listed numerically within their categories. The line drawings match actual photographs (where possible) to aid in instant recognition of the total range within a series.

Sales of Global Furniture Group (“Global”) products are made only on Global’s standard Terms and Conditions of sale which are contained in this list price book. The “Purchaser” in these Terms and Conditions shall refer to Dealers and those who originally purchase directly from Global for use or re-sale. These standard Terms and Conditions may be modified or supplemented only by a separately written document signed by Global’s authorized personnel at its head office in Toronto, Ontario, Canada. Any term or condition contained in any purchase order or other form used by the Purchaser to order goods (including standard, printed language) which is different from, in addition to, or in any way inconsistent with Global’s standard Terms and Conditions shall be of no force or effect whatsoever.

All illustrations, specifications and prices in this list price book are based on the latest product information available at time of publication. Global reserves the right to make changes at any time and without prior notice to prices, colors, materials, specifications and models offered.

Description

Each product shown or described in this list price book is standard Global product. Available options are noted at the beginning of each series. Available options may require additional delivery time and cost, and may affect the warranty given. Sizes and weights shown are approximate and are subject to slight changes from time to time.

Prices and Payment

The prices shown in this list price book as well as those quoted by Global, are in Canadian dollars for orders shipped to destinations in Canada.

If shipping date requested is more than 90 days from date of order, Global shall reserve the right to use published list prices effective at time of shipment.

Orders are invoiced at time of shipment. Terms of payment are net 30 days from date of invoice unless otherwise stated. The Purchaser agrees that Global shall reserve the right to enforce a charge amounting to 1.5% per month (18% per year) on invoices outstanding more than 30 days.

If the Purchaser’s most recent annual net volume is less than \$5,000, Global may suggest payment be made in advance.

All orders are subject to the Purchaser complying with Global’s prevailing credit policy.

Any products sold by Global shall remain the property of Global until fully paid.

Prices are suggested list prices only and are subject to change without notice. Global will, however, attempt to keep the Purchasers up-to-date on all developments including price changes.

Taxes

All prices shown in this list price book are exclusive of sales, use, excise, HST and other applicable taxes and duties which may be the Purchaser’s responsibility as per the invoice issued by Global. If the Purchaser claims an exemption from such taxes, it shall be the Purchaser’s responsibility to furnish Global with an appropriate exemption certificate at time of order.

Ordering Information

Global requires that all orders be submitted in writing and will be acknowledged on Global’s acknowledgement forms governing the transaction.

The details appearing on this acknowledgement will describe the items to be shipped and the approximate shipping date. It is the Purchaser’s responsibility to determine that the information in the acknowledgment is correct. In the event of an error, the Purchaser must notify their Global Customer Service representative immediately by telephone followed by written confirmation. Shipping dates are assigned to orders based on the items having the longest manufacturing lead time (unless instructed to partial ship).

At time of order, please provide the following information:

1. Account number (if possible)
2. PO number
3. “Bill to” and/or “Ship to” and name and address
4. Complete model number and selected options including textiles/finishes
5. Special instructions and tag information
6. Shipping instructions, please indicate:
 - a. pick up
 - b. Global trailer program
 - c. common carrier, provide name of carrier, your account number
7. Special quote (SQ) # or MTM # (if applicable)
8. Customer’s Own Material (COM), Global Purchased Material (GPM), Customer’s Own Leather (COL), see below.
9. For specials and custom quoted product, please indicate the custom quote # on your PO. If changes are made to the quote a new quote must be issued prior to submitting the order. It is the Purchaser’s responsibility to determine that the information on the quote is correct. Global will not be responsible for wrong product due to errors in the quote.

The above points will be checked by Global for accuracy. Global will process orders using the codes provided by the Purchaser. Price discrepancy is the responsibility of the Purchaser. The Purchaser must notify Global prior to invoicing.

The Purchaser is responsible for providing correct information at time of order. If no option(s) are selected the system will default to standard feature(s). Orders with missing/incorrect information (finish, etc.) will be put on hold until all information is complete. Orders will be scheduled for manufacturing upon receipt of complete information.

Changes and Cancellations

After the date of Global’s acknowledgment of the Purchaser’s order, the order may not be changed or cancelled by the Purchaser without the written consent of Global. Orders for products upholstered in “special order textiles” (GPM) cannot be cancelled once material has been purchased. Special order items, COM and textile-covered items already in production are not subject to change or cancellation under any circumstances. Textile-covered items are considered to be in production once the textile is scheduled for cutting. Other standard items already in production are subject to a minimum 35% cancellation charge.

Errors and Omissions

All quotations, acknowledgements and invoices are subject to corrections for any errors and omissions.

Casters

The list price book specifies the caster which comes standard with each chair model. Most chairs are equipped with C1 or C65 casters which are best used on carpeted surfaces. If it is intended to use the product on hard surfaces such as ceramics, concrete, linoleum or hardwood, it is recommended to use different casters. It is the responsibility of the customer to determine the standard caster for a particular product and whether such caster is appropriate for the given application. The Arm and Caster section illustrates the caster options offered by Global and their suggested uses.

FINISHES

Seating Finishes - Painted

Where painted frames are not a standard color, a special quote is required.

Seating Finishes - Wood Stains

A one time setup fee of \$250 net will be applied per order for custom wood staining/color matching requests. This payment will be valid for 5 years from the date it is set up. After 5 years, the \$250 setup fee will apply again. Restrictions may apply. The customer must provide a 3” x 3” color chip/sample.

For application of customer’s own wood stain, there will be an upcharge of 10% list price, per unit (in addition to the option upcharge, when applicable). For orders with custom stain unit quantities of 30 or more, the upcharge may be reduced or eliminated. A [Special Product Request](#) must be submitted for a quotation.

Custom Wood Staining

Custom wood staining procedure for wood seating is as follows. Customer provides a sample of the desired wood finish. That sample is sent to Specials department. Several finished samples will be sent back. The customer/end user will sign off on the samples (keeping one for their records) and return the rest of the samples. Global will not necessarily match the wood species but rather will generate a color that will coordinate with the sample when it is applied to the wood species used in the seating frame.

File Finishes

There is no upcharge on any standard file finish. Any non-standard file finish must be approved by Global prior to acceptance of order and may be subject to an upcharge.

9300 Series, 9300 Plus Series and G Series Pedestals can be ordered in non-standard finishes with a 10% upcharge on orders up to and including 10 units. There is no upcharge on orders of 11 units or more.

Please note:

- You can only combine 9300 Series and 9300 Plus Series to meet the 11 unit minimum.

An upcharge of 10% will apply to Metallic, Mica, Tungsten and any non-standard White finishes regardless of the number of units ordered.

Wood Veneer Finishes

Because the distinctive characteristics and the nature of wood products cause variations, exact matches are not always possible. Global will not be held responsible if the finishes cannot be matched.

Customer's Own Material (COM)

Use of COM must be approved by Global prior to acceptance of order. Please submit the Authorization Request Form. Photocopy and use this form as often as necessary. The customer must provide a 12" x 12" textile sample and advise how the textile is to be applied and quantity of textile being sent. **Textile yardage requirement will be advised by the factory, and additional yardage may be required if pattern requires matching.** Upon approval from Global, send textile to the COM Department at: 596 Supertest Road, Toronto ON, M3J 2M5. Send to the address provided on shipping document upon approval from Global. If COM is difficult to apply or if product is required to be modified, extra charges will apply. Global reserves the right to cancel an order at any time if COM is inadequate for any reason. COM must be shipped freight and duties paid if applicable to our factory. Such shipment must be fully identified with the Purchaser's order number, and the item for which the material is intended. Performance of COM when applied to product is the sole responsibility of the Purchaser. Global's standard product warranty shall not apply to COM.

COM price is the lowest published price/grade for the series. The published yardage requirement for COM orders is approximate and shown beside each item in the list price book. The yardage shown there is based on the textile requirements for cutting and sewing a single chair in a plain patterned textile. For textiles with a pattern repeat or for COM orders involving 10 or more chairs, please consult with Customer Service for recalculation of the yardage requirements as this may significantly change the textile requirement.

Textile Grading

All products are priced according to their standard textile grade. Lower grade textiles may be available but at the same price as standard textile grade. See Textiles and Finishes section for graded textiles.

Combining two grades of textiles may result in a revised grade. Please refer to "Two Grades Combination Chart" in the Textiles and Finishes section. For more than two textiles a special quotation is required.

Global Purchased Material, Customer Specified (GPM)

Global may purchase material specified by the customer. Use of GPM must be approved by Global prior to acceptance of order. If it is difficult to apply or if product is required to be modified, extra charges will apply. Global reserves the right to cancel an order at any time if GPM is inadequate for any reason. Performance of GPM when applied to product is the sole responsibility of the textile vendor. Global's standard warranty will not apply to GPM materials.

Customer's Own Leather (COL)

Not all seating can be upholstered in leather. Please consult service notes for availability. COL price is the lowest published grade for the series (leather or fabric).

Upholstery Coverings

Slight variations in color may occur between dye lots. Although Global attempts to minimize these variances, they do occur and must be accepted as normal and will not be considered defects.

Leather is a Natural Product

Natural variations occur in the color, grain and texture of leather. As a result, a degree of variation should be expected. As leather is used it develops a patina. Its color changes slightly, it will get marked and it will stretch and pull, these are the hallmarks of genuine leather and are not considered defects.

Yardage

Required yardage (yd) is based on unmatched materials with widths of 54" for seating, 63" for panels.

Arms

A wide selection of arms are available for some series. See Arm Chart in the Seating list price book.

Weight

In the Seating list price book, weight is provided for both unit weight and carton weight. In the Desking + Tables and Metal Filing + Storage list price books, carton weight is provided.

Delays

Global's order acknowledgment will state a shipping date which is Global's best estimate at the time the order is acknowledged. However, Global shall not incur any obligation or liability to the Purchaser for failure to ship by specified date unless Global has agreed to an unequivocal shipping date in a separately signed written document executed by its authorized personnel at its head office. In addition, Global will not be liable for any loss or damage resulting from any delay or failure in shipment or other failure to perform all or any part of the agreement between the parties with respect to the goods shown on the face of the order acknowledgement where such delay, failure, loss or damage is the proximate result of any act of any governmental authority or political subdivision thereof, revolution, riot, civil disorder or disturbance, delay or default in transportation, strike disputes among or between labor unions or other labor disputes, delay or inability in obtaining materials and facilities, fire, flood, act of God or any cause not within the reasonable control of Global.

Free on Board (FOB)

FOB point is Global's Factory, Toronto, Ontario, Canada.

Courier Type Shipments

This symbol is used to indicate that the adjacent product can be sent by courier type shipments, such as Federal Express, Purolator, CanPar and UPS.

Shipping

The Purchaser must select, at time of order, one of two methods of freight payment. Global will make no end-user shipments unless special arrangements have been made.

1. FOB point of shipment, freight collect - pick up and common carrier.
2. FOB point of shipment, freight prepaid and invoiced to the Purchaser - Global Trailer Program.

All deliveries are dock to dock.

Service

Service requests are normally the responsibility of Global's authorized Dealers. Where this cannot be accomplished on a local level, service problems should be referred to Global's Customer Service Department.

Global/Express (Canada)
Tel: (905) 660-5101 or 1-800-567-8901
Fax: (905) 660-4759 or 1-800-375-5134

Global International
Tel: (416) 661-3660
Fax: (416) 661-661-0983 or 1-877-585-5579

Returns

No returns of goods will be accepted without written consent and shipping instruction from Global. A minimum re-stocking charge of 35% is made on all authorized returns for credit or refund, provided goods are received by Global in the condition in which they left the factory. This may increase depending on the type of product. Global's Return Goods Authorization (RGA) numbers must appear prominently on all authorized returns. Global will not be responsible

for return freight costs. No credit will be given if goods cannot be reused as new. Special order items, non-stock items and COM products are in no event subject to return. All returns must be approved and authorized in writing by Global Customer Service. Global reserves the right to refuse delivery of any unauthorized returns.

Claims

All goods are sold FOB plant or Global Distribution Center. Global is not responsible for damage which occurs in transit (or in storage). The carrier signs for all goods received in apparently good order. It is the Purchaser's responsibility to examine goods upon receipt and to file any claims with the carrier for losses or damage to the product occurring during transit, including concealed damage.

Any claims made against Global for apparent defects, errors or shortages must be made by the Purchaser, in writing, within 15 working days after any delivery. Failure by the Purchaser to make any claim against Global within 15 days shall constitute acceptance of the goods and a waiver of any apparent defects, errors or shortages.

Suspension

In the event that the Purchaser defaults in the payment of any sum due to Global, or in the event the Purchaser's financial condition becomes unsatisfactory to Global, Global shall have the right to defer or discontinue shipment of any goods until such time as the default is cured or the Purchaser provides assurance of payment to Global.

Copyright

All catalogs, photographs, drawings, list price books and other printed materials are protected by copyright. All rights reserved.

Trademarks

All trademarks are owned by Global Furniture Group other than OBUSFORME™ which is owned by OBUSFORME LTD CO., a division of Homematics Inc., MOR-CARE which is owned by MORBERN INC, Perma-Mesh which is the property of J.B. Research Inc. SCHUKRA™ which is owned by SCHUKRA MANUFACTURING INC. OBUSFORME® and the distinctive backrest design are registered trademarks of OBUSFORME LTD CO.

Designs and Patents

Many of the products produced by Global are protected by design registrations, design patents and/or patents. Design and specifications are subject to change, discontinuance or additions without notice.

For a full listing of issued trademarks, please visit globalfurnituregroup.com.

Cubic Measure

The stated volume is an approximate cubic foot measure that may be used to calculate freight costs. The figure shown is the total shipping volume of a unit (e.g. if a part is sent in 2 cartons the volume indicated reflects both cartons together) and is subject to change without notice. It is most economical to purchase the specified number per carton.

Combined Shipments

Global will make every effort to combine shipments and orders on written request. However, Global cannot be held responsible where such requests are not complied with.

Offer of Sale

Possession of this list price book or any other literature shall not imply the company's willingness to sell to the holder and shall not be construed as a direct offer of sale.

If a conflict arises between: (i) prices found in software support packages furnished to the customer by Global or by any other source on behalf of Global; and (ii) Global's current pricing found on Global's website, then the most current shall prevail.

Testing Qualifications

Many Global products pass or exceed the most stringent industry testing standards.

Disclaimer

Metric dimensions are provided for seating products for reference only. In the event that there is a discrepancy between imperial measurements and metric measurements, imperial measurements shall prevail. Prices shown are current manufacturer's suggested list prices at time of printing. Updated pricing is available on Global's website. All applicable taxes are extra. Descriptions, specifications and prices are subject to change without notice. Errors and omissions are subject to correction.

Fire Codes

Flame resistant components are most often requested to be tested to comply with California Technical Bulletin 11, often referred to as CAL117. The foam used in Global chairs meets the requirements of California TB117 and all of the upholstery fabrics Global offers meet this requirement. In addition, most Global seating models can be certified to California TB133. This available certification can be done when selected seating models are upholstered in specific textiles. The list of certifiable seating models and available textiles changes from time to time. Please contact Customer Service for a list of certifiable models and upholstery materials. There are other fire codes that are not commonly specified. Global Upholstery Ltd. can usually provide test results for any North American code. Please contact Customer Service. Please see chart below for CAL TB 133 upcharges and for complete CAL TB 133 information refer to the Global Dealer Centre.

**WARNING - SEATING PRODUCTS
TO PREVENT PRODUCT FAILURE AND POSSIBLE INJURY:**

Ensure that the appropriate selection is made for the intended use of the chair including user's weight. Some chairs are not recommended for users above a certain weight. Frequently inspect the chair for visible cracks and tighten all screws, bolts and adjustable knobs. If the chair is damaged or unstable, immediately remove it from service.

Any information or suggestions concerning applications, specifications or compliances with codes and standards is provided solely for your convenient reference and without any representation as to accuracy or suitability. Global disclaims any legal responsibility. The user must verify and test the suitability of any information or products for his specific application. Global reserves the right to change the Terms and Conditions in the list price book without notice.

This list price book is effective as of January 1, 2025.

For periodic updates, please check the PDF at globalfurnituregroup.com. After login, select Resources then Price Lists. From here you will have the option to select either the Seating, Desking + Tables or Metal Filing + Storage price list books. Global warrants that all commercial products are free from defects in material and workmanship, for the life of the product, to the original Purchaser.

Global warrants that all commercial products are free from defects in material and workmanship, for the life of the product, to the original Purchaser.

Global will repair or replace, at Global's option, as the sole remedy for any defect covered by the warranty. The warranty applies to products manufactured after March 22, 2016.

Global makes no warranty that any of its products are suitable for any particular purpose and makes no other warranties, express or implied, other than those set out here. As codes and standards vary from one jurisdiction to another, references to compliance are solely for convenience and without any representation as to accuracy or suitability. Users must verify the suitability of such information or product for their specific application. In no event shall Global be liable in either tort or contract for any loss or direct, special, incidental, consequential, or exemplary damages.

Files, Desks, Modular Furniture, Tables, Panels & Accessories

Global warrants all components of metal storage and filing, laminate and wood veneer desks, laminate and wood veneer tables, metal leg components and panels for the lifetime of the product to the original Purchaser.

The warranty applies to single shift, standard commercial usage, defined as a standard eight (8) hour day, forty (40) hour week. Load restrictions apply, refer to individual product descriptions.

Exceptions to the warranty for files/desks/tables and panels are as follows:

- Electrical devices, moving parts, panel and tackboard textiles, adjustable keyboard mechanisms, non-electrical table mechanisms, monitor arms, coat trees and task lights - five (5) years
- Writable surfaces and whiteboards - three (3) years
- Keyless lock options - two (2) years
- Battery pack - one (1) year

Files, Desks, Modular Furniture, Tables, Panels & Accessories Warranty Summary

Product Type	Components Warranty For Original Purchaser	Exceptions
Metal storage and filing	lifetime	2 years - keyless lock options
Laminate/wood veneer desks and modular furniture	lifetime	5 years - tackboard textiles, electrical devices, task lights
Boardroom, conference and training tables and general tables	lifetime	5 years - electrical devices, moving parts
Electric height adjustable bases	7 years	1 year - battery pack
Non-electric height adjustable bases	5 years	
Productivity Solutions and accessories (adjustable keyboard mechanisms, monitor arms, coat trees, writable surfaces/whiteboards)	5 years	3 years - writable surfaces, whiteboards
Panels	lifetime	5 years - panel and tackboard textiles, electrical devices, task lights

Global's warranty does not apply (for any product category) to the following:

- Nominal or normal amount of wear and tear that can occur over time
- Failures which result from negligence, abuse, accident or misuse
- Failure to apply, install or maintain products according to Global's written instructions and warnings
- Modifications, attachments or repair methods not approved by Global
- Damage caused by a carrier in transit, or delivery/installation contractors
- The matching of colors, grains or textures (wood, leather, etc.) of natural materials
- Products exposed to extreme hot or cold temperatures or excessively dry or humid environments
- Color fastness or the matching of color of textiles, dye lots of textile can vary
- Damage by markings or staining; damage by sharp objects or imprinting from instruments
- Damage to textiles or laminate and wood surfaces/edges from exposure to sunlight (including UV rays)
- Products not purchased directly from authorized Global resellers
- Products used for rental purposes
- Purchased parts are warranted for one (1) year
- Failure to follow specific cleaning and disinfecting instructions posted on globalfurnituregroup.com

Global's warranty does not cover the costs of transportation or labor. Repair or replacement will be at Global's discretion.

Textiles and Finishes

Global textiles and finishes are updated periodically to meet the demand and trends of the market. As a result, some textiles and finishes may be discontinued by Global or the manufacturer. In the event that a textile or finish is discontinued, Global will make every reasonable effort to provide an alternative product(s) of comparable function.
